

The Death of Rev. George Duffield.

The Rev. George Duffield, who has made Bloomfield his residence since the illness and death of his son, the late Rev. Samuel W. Duffield, died on Friday of last week from heart disease at the age of 70 years. He was a son of the late Rev. George Duffield, of Detroit, who was known as the "Patriarch of Michigan." The younger Duffield was graduated from Yale in 1837 in the same class with Senator Curtis, Edwards Pierpont, the late Chief Justice Waite, and Dr. David E. C. of Bloomfield. Samuel Tilden was also a member of the class, but did not complete the course. The close friendship between Mr. Duffield and Mr. Pierpont was made even closer in later life when they married sisters.

Having supplemented his training at Yale with a three years' course in the Theological Seminary of New York, Mr. Duffield entered the ministry of the Presbyterian Church, and passed successively over congregations in Brooklyn, Bloomfield, Philadelphia, Galesburg, Ill., and Adrian, Saginaw City, and Lansing, in Michigan. His wife, who was a daughter of Samuel Willoughby, of Brooklyn, and to whom he was married in 1840, died in Lansing in 1880. Mr. Duffield then retired from the ministry and went to Detroit. Before and during the period of his residence in Detroit he was one of the regents of the University of Michigan.

Mr. Duffield was best known as the author of the popular hymn "Stand up for Jesus," which is sung all over America, and which has been translated into the French, German, and Chinese languages. It was written to serve as the concluding exhortation of a sermon preached by Mr. Duffield on the Sunday following the death of the Rev. Dudley S. Tyng in 1858. The refrain was the last utterance of Mr. Tyng to those who were associated with him in the series of religious meetings in Philadelphia, which became famous as the "Great Revival." The hymn at once became popular.

The funeral services took place on Sunday afternoon at half-past four o'clock, conducted by Rev. H. W. Ballantine. In accordance with the last request of the deceased they were held in the Old Church of which he had been pastor from 1847 to 1851, and the sermon was by his friend, Prof. Jacob Cooper of Rutgers College. There was a large attendance, and among the audience not a few who had listened to Mr. Duffield in the same house over forty years ago.

TOWNSHIP AFFAIRS.

*There was a full attendance of the members of the Township Committee on Wednesday night.

Collector Marr was authorized to allow a rate of two per cent on all taxes paid before the first of October, and one per cent on those paid from the first to the 15th inclusive.

Rev. J. M. Nardello called the attention of the Committee to the culvert at Bloomfield avenue and Liberty street. The Committee informed him that they had not forgotten the matter, but were awaiting the final decision of a suit now pending between the County Road Board and the owners of property through which it was necessary to cut a drain for laying the water to Long's Brook.

The Water Committee interposed objections to the payment of a bill of \$3,240 presented by the Orange Water Company for water furnished 108 hydrants from Jan. 1 to July 1st. Mr. Cook said that complaints had come in from various parts of the township about the insufficiency of the water pressure. Mr. Oakes stated at the gauge at his manufactory indicate a pressure of 58 lbs. on Monday. It was at a point about 30 feet below that of the main Belleville avenue in the Wednesday previous, which was a 14th of July, the gauge indicated a pressure of 38 lbs. Mr. Cook said this was in accordance with a request for increase of pressure or that day in anticipation of a fire. He said that some of the residents of Green Ridge complained that sometimes they could not get any water at all. Mr. Cook had frequently been in the case at Mr. Hardeast's residence, especially on Mondays. Mr. Farand stated that he was at the water works and had seen a pressure of 7 lbs. indicated on the County's gauge a time and had seen it as low as 4.5. This was when the company were using a small pump pending repair to their large one. He had been at Mr. Hardeast's residence on Franklin Hill and seen the water turned on when the pressure was weak, that almost an hour was required to fill a common washbowl. The Committee were of the opinion that this was an unsatisfactory state of affairs, and the company should be remonstrated with.

A bill for Township advertising was ordered paid. Mr. Farand stated that the publication of the no to care grazing on the streets taken effect in his neighborhood, and nuisance was abated.

Mr. Cook of the Police Committee said that complaint had been made about the gang of men and boys who daily gather at the junction of Bloomfield Avenue and Broad street, and he desired no action taken by the Committee. It was decided to put a policeman on duty duty for a season.

A new hydrant was ordered placed on the corner of Franklin and Harrison streets.

The water pipe on Broad st. where the sprinkling carts are filled reported as interfering with travel on street railway. It was ordered moved West

Belleview avenue, a short distance from Broad street.

Constable Robert Williams was assigned to special police duty on Sunday in the neighborhood of the Plaza.

Inspector Baxter of the Health Board was instructed to investigate a reported nuisance in the vicinity of Ridgewood and Belleville avenues. It is alleged that a Montclair scavenger is dumping garbage on the lots in the vicinity.

The draining of Ridgewood avenue between Baldwin street and the N. Y. & G. R. R. bridge was referred to the Road Committee with power.

A request from property owners on the new extension of State street, between Park and Belleville avenues, asking the Committee to accept it as a public highway was referred to the Road Committee.

The Road Committee was instructed to grade Washington street 150 feet east of Ridgewood avenue, also to provide for the carrying off of surface water west of Ridgewood avenue.

The question of gravel roads was taken up and discussed at length. Mr. Oakes was of the opinion that the construction of gravel roads should take precedence of other proposed improvements. Mr. Cook said that if they were deprived of them for another year they would begin to think that there was a conspiracy on the part of the Committee to keep them from having gravel.

BARNUM'S

1888.

We have clothed the grandfathers and the fathers, and are now clothing their children, and as the Barnums expect to clothe the next generation, we feel at liberty to say that for 42 years, without having a fire or a failure, the Barnums have successfully conducted the clothing business, and were the pioneers in the business in the city of New York.

We are now selling first-class ready-made clothing as cheap as common clothing was sold 10 years ago. We do not sell trash. We do not sell cotton for all-wool. We do not sell counterfeit for genuine. We do not make up goods just to see how cheap they can be sold, so as to seem to please the purchaser at the time and displease him forever after.

An Elegant Patent Lever Stem-winding Watch.

Manufactured expressly for us by the Manhattan Watch Co.; presented to every purchaser of \$15.00 or over.

We offer RELIABLE first-class clothing as follows: An elegant assortment of light-weight overcoats, all-wool, a variety of colors, \$9. \$10. \$12. Silk and Satin-lined, \$15. \$16 and \$18.
